There are four licence options available to you, Attribution (CC BY), Attribution-NoDerivs (CC BY-ND), Attribution-NonCommercial (CC BY-NC) and Attribution-NonCommercial-NoDerivs (CC BY-NC-ND). Please select the licence you would like to use in the checkbox next to the description.

☒ **Creative Commons Attribution (CC BY)** I, on behalf of myself and my co-authors agree to the publication of the submitted content under this type of Creative Commons Attribution licence. This licence lets others distribute, remix, tweak, and build upon your work, even commercially, as long as they credit you for the original creation. This is the most accommodating of licences offered. Recommended for maximum dissemination and use of licenced materials. (If your work is funded by The Wellcome Trust or Research Councils UK you must use this licence.) [Preview licence](#)

☐ **Creative Commons Attribution-NoDerivs (CC BY-ND)** I, on behalf of myself and my co-authors agree to the publication of the submitted content under this type of Creative Commons Attribution licence. This licence allows for redistribution, commercial and non-commercial, as long as it is passed along unchanged and in whole, with credit to you. [Preview licence](#)

☐ **Creative Commons Attribution-NonCommercial (CC BY-NC)** I, on behalf of myself and my co-authors agree to the publication of the submitted content under this type of Creative Commons Attribution licence. This licence lets others remix, tweak, and build upon your work non-commercially, and although their new works must also acknowledge you and be non-commercial, they don't have to licence their derivative works on the same terms. Creative Commons Attribution-NonCommercial-NoDerivs (CC BY-NC-ND) I, on behalf of myself and my co-authors agree to the publication of the submitted content under this type of Creative Commons Attribution licence.
